

Teaching Beyond Your Own Style!

Applying MBTI® in the classroom to reach all kids

Have you ever met someone
and everything just clicks?
Have you had the opposite happen?
Something seems strained?
Do you ever wish you could figure out
why kids think the way they do?

"Hi Jennifer
your Myers-
Briggs
presentation
for our
teachers was
fantastic!
It made us
laugh, learn
and listen.
Our group
has had many
experiences
together, but
I feel this was
one of the best!
Your style was
very personal &
humorous. You
exceeded our
expectations!
Thank You!"
